

**ASTC Travel Passport Program Participants - List for Admissions Staff  
May 1, 2010 to October 31, 2010  
Participants = 322**

**(S) = Street Address**

The Travel Passport Program entitles visitors to free **general admission**. It does not include free admission to special exhibits, planetarium and larger-screen theater presentations nor does it include museum store discounts and other benefits associated with museum membership unless stated otherwise. Each museum has its own admissions policy (denoted by "F:") which lets your members know which and how many family members receive free admission when they visit.

**PROGRAM RESTRICTIONS**

**1. Based on participants' location:** Science centers/museums located within 90 miles of each other are excluded from the Travel Passport Program unless that exclusion is lifted by mutual agreement. 90 miles is measured "as the crow flies" and not by driving distance. Science centers/museums may create their own local reciprocal free-admission program. ASTC does not require or participate in these agreements, or dictate their terms.

**2. Based on residence:** Travel Passport Program benefits do not apply to those members whose principal place of residence is within a participating science center's or museum's local market area. In other words, to receive Travel Passport Program benefits, your members must live more than 90 miles away from the center/museum they wish to visit. Admissions staff reserve the right to request proof of residence for benefits to apply. Science centers and museums requesting proof of residence are marked by **(✓IDs)**. Thirty-two participants enforce the residency restriction.

**ALABAMA**

**Anniston Museum of Natural History**

P.O. Box 1587, Anniston, AL 36202-1587  
800 Museum Drive, Anniston, AL 36206 (S)
